MRI Technologist Certificate Training Program

MRI Institute and Consulting, Inc. offers a comprehensive yet focused Magnetic Resonance Imaging (MRI) Technologist Training Program in the Chicagoland area. Our on-site MRI facility gives students the competitive advantage of practical exposure to an MRI machine from the very beginning of coursework. Students typically complete the program within 12 months.

The MRI Technologist Program consists of 450 hours of didactic training and 1000 clinical hours. We limit the sizes of our classes to 20 students in order to provide more individualized interaction between faculty and students.

The faculty and staff at *MRI Institute and Consulting Inc.* are always available to support our students. We take optimum interest in providing professional support for our students to successfully complete the MRI Technologist program, while preparing them for the job market that lies ahead.

Classes maybe held two to four times a week, 3-4 hours each. Students should register early to secure a position in the program. Only 20 students will be enrolled for each cycle of the 12-month program.

If you have a High School Diploma or GED and are interested in science and the health care field, then we encourage you to fill out the attached form and mail it to us and/or call 630-876-1600 for more information about our MRI Technologist Certificate Training program. You can also visit our website at www.mritutors.com and complete the online form.

Program Cost

The cost for tuition and use of our MRI facilities (lab fees included) is \$11,500 plus a \$150 Registration fee. Textbooks are additional. We provide the following finance and loan options.

Financing Options

Students have the option of the following three payment methods, at no additional interest (Note: this does not include the \$150 registration fee, which must be paid by the enrollment deadline on the school calendar):

- Option 1:** Payment of \$11,500 in full by the first day of class.
- Option 2:** 50% down (\$5,750) by the first day of class, and 11 monthly payments of \$522.73.
- Option 3:** \$3000 down by the first day of class and 11 monthly payments of \$772.72
- Option 4:** Personal loans from commercial banks and lending institutions.
